MEMORANDUM TO: CHIEF, PERSONNEL BRANCH

SUBJECT: [REDACTED]

Due to Civil Service reclassification of [REDACTED] jobs, it will be necessary to downgrade [REDACTED] in the very near future. She has an M.A. from Columbia University, her thesis consisting [REDACTED]

[REDACTED] She has worked in a research capacity for both the now-defunct Office of the Coordinator of Inter-American Affairs and the State Department's Office of International Information and Cultural Affairs.

In the [REDACTED] (March 1947 to date) she has shown competence in the preparation of reports and sections of reports relating to foreign radio material particularly about Latin American affairs which is her major interest with reference to world areas--but for which, in terms of radio intelligence and/or propaganda, we have the least call and receive the least monitored material. For this reason, it is believed that her special interests and research capacity might be more effectively used in another CIA Branch.
